

## COUNCILMEMBER MYRTLE COLE

FOURTH DISTRICT  
CITY OF SAN DIEGO

September 14, 2015

Sean Sheppard, Founder  
Embrace  
3679 Voltaire Street, Suite A  
San Diego, CA 92106

Dear Mr. Sheppard,

This letter is written to express my support for the "*Game Changers*" model. As the Councilmember for the Fourth District in the City of San Diego, I am well aware that the relationship between community and police officers needs special attention. There is a lack of quality time spent between peace officers and members of the community, and it is one of my top priorities to help change this dynamic. The Game Changers model will provide consistent exposure between community members and peace officers in a common, non-threatening environment.

This model brings together city government, law enforcement, residents and the private sector using an innovative approach to effect change. Creating safe, healthy environments for peace officers and community members to thrive in will foster better relationships and respectful dialogue between the two groups for the long term. The "*Game Changers*" model supports the overall goal of health and wellness within our communities.

I pledge to support this program, and I look forward to being a part of the change it will bring.

Sincerely,

A handwritten signature in black ink that reads "Myrtle Cole".

Myrtle Cole  
Councilmember, Fourth Council District  
San Diego City Council
