Dear Sean,

I would like to express my support for your innovative and exemplary "Game Changers" model. Creating a positive approach to community policing is vital for residents to have positive and meaningful interaction with police officers on a frequent basis. As you have expressed in your goals and mission, this is important in order to foster better relationships and encourage respectful dialogue between community and police officers.

Your model for bringing together residents, government and law enforcement is a strong change agent that will create a safe and healthy environment for peace officers and communities. I commend your efforts.

I look forward to working with you in the future as we develop relationships and collaboration that will strengthen our communities.

Sincerely,

BEN HUESO
